ENGLAND'S WORST DISASTER.

Terrible Scenes at the British War
Office Today.

THERE IS GRIM DETERMINATION.

Will Send More Troops Into South
Africa—Unanimous Call for
War Prosecution.

By Cable to THE TELEGRAM.
London, Dec. 16—Terrible scenes
were witnessed at the war office this
morning. Huge crowds gathered there
to learn the details of General Buller's
disaster, but no new official dispatch
had been given out at noon. The lists
of the losses have not yet been made
out. In spite of the defeat, the one
dominant tone of the press and pub-
lic conversation is a grim determina-
tion to retrieve the disaster and send
more troops to South Africa. Never
was there a more unanimous call for
the prosecution of war.

EFFECT ON STOCKS.
London, Dec. 16—The anger and
resentment of the nation was reflected
on the stock exchange this morning re-
sulting in a fall of one cent on consols
while Africans dropped from one to
six points. The apparently indefinite
continuance of the war threatens a
scarcity of gold. The effects of this
will be serious. In anticipation of
this the Bank of England expects to
secure thirty-five million dollars from
Australia and a hundred million from
the United States. The Bank of
France refuses to furnish any gold.

Cpt. Arthur Brnes Ped.
Special to THE TELEGRAM.
Washington, Dec. 16—Captain Ar-
thur Barnes, of North Carolina, for
twenty years doorman of the senate
gallery, was found dead this morning
at his home in this city. The cause
of his death is supposed to be heart
disease.

Resolutions of Respect.
Whereas the hand of death has taken
from our midst our friend and
brother, George Rankin Chris-
tian, in the fullness of a young and
useful manhood; be it now unani-
mously resolved by the South Side
Company, No. 4, in meeting assem-
bled:

That in the death of George Rankin
Christian the first department of
Greensboro has lost a faithful and
efficient member; the community a
useful and upright citizen; his family
a true and devoted son and brother,
and all who knew him a loyal and
cherished friend.

That we bow in submission to the
will of the All Wise God who has
called him from us, but mourn his
loss and extend to his sorrowing fam-
ily our heart-felt sympathy.
That a copy of these resolutions be
spread upon the minute book of this
company, a copy be sent to his family,
and a copy be published in the city
papers.

H. B. Donnell,

Notes on the New Fire Ordinance.

The newspapers in commenting upon
the ordinance which was passed in
August, Ga., last Sunday, and which
destroyed over \$1,000,000 worth of
central business property, state that it
was due largely to the fact that Au-
gusta has no building inspector, and
in consequence the walls of buildings
have not been standard and were un-
able to resist the progress of the fire.
This demonstrates again the value of
the recent fire ordinance adopted by
the city fathers for Greensboro
which provides for the building in-
spector and fixes a standard for the
thickness of brick walls.

The insurance newspapers are also
commenting on the city ordinance re-
cently adopted in Jacksonville, Fla.
This ordinance is somewhat similar to
the ordinance just adopted for Green-
sboro. It extends the fire limits and
provides that nothing but brick or
stone buildings shall be erected within
said limit. It provides for fire walls
at least 8 1/2 feet apart. Also provides
that permits for buildings are to be
granted by the city recorder and to
have the approval and signature of
the chief of fire department, who is
also given the power to revoke such
permits and stop building operations
when he shall have evidence that the
provisions of the ordinance are not
being complied with. The Greensboro
ordinance imposes these duties upon
the city clerk and building inspector.

Her Location.
The Raleigh Greensboro-convention
incident has given rise to a good deal
comment from the state papers. In the
future the capital city will have to
hustle to get the state convention. There
is an abundance of reason why Green-
sboro should have been chosen as the place
this time chief among which is her
central location. (Winston Journal.)

NOTES FROM HIGH POINT.

The Local News From Our Neighbor
Briefly Told.

TELEGRAM BUREAU,
HIGH POINT, N. C., Dec. 16.
Robt. Lindsay is quite sick at his
home at the Bellevue hotel.
Chas. and Louise Redding, of Kau-
sas, were guests of this city yesterday.

Most all of our merchants have a
nice assortment of Christmas goods
this year. You need not go out of
town to get anything you want—they
can supply you.

C. E. Cox, postal clerk on the A-b-
scho road, offers to supply you with
a gratis if you will mail it off to
him. That's cheap enough, isn't it?

If we put in water works our town
will increase in manufacturing and
this means increased pay rates, in-
creased in mercantile business, in-
creased in real estate and increase in popu-
lation.

A sure sign that Christmas is draw-
ing near is the indescribable noise
made by the boys of "pistol-pulling"
in the horns. You all have heard 'em
and can sympathize with one another
in such an affliction.

The Fadettes Woman's Orchestra,
composed of 20 artists, under the lead-
ership of Caroline B. Nichols, will
appear at the Academy of Music in
Greensboro next Monday night. This
is one of the strongest aggregations
ever south. All music-loving people
of High Point should attend this con-
cert. A rare treat is in store for those
who go.

TOUGH ON ATLANTA.

Atlanta is a hustler. She wants everything in sight and is going to have everything she can get. That city is now making an effort to have the Presbyterians remove their Theological Seminary from Columbia to Atlanta. The Columbia State mounts a chair and screams:

"Atlanta has impudence enough to ask for anything, and we are not surprised that it wants to take the Presbyterian Theological Seminary from Columbia. Some time ago it asked for and obtained the new federal penitentiary—for the reason, we surmise, that it was the center of southern criminality. It is to be assumed that it now claims the seminary on the ground that it needs religion more than any other place. Which may be true. Anyhow, preachers and prisoners, theologians and thugs, are all grist to Atlanta's mill."

That's a pretty hard hit, but if Columbia expects to keep Atlanta out of the way by such argument it will find itself mistaken. Atlanta may not get the seminary, but if she doesn't Columbia will have to start a mill herself.

Dr. J. F. Miller has been re-elected superintendent of the Eastern Hospital at Goldsboro for another six year term. A fitting recognition of the faithful services of an efficient man.

It is one thing to recommend a man when he has professed religion and expresses a desire to quit his meanness, and quite another to recommend him when he has been proven guilty of violating the law and wants to keep out of jail.

The following paragraph is from the News and Observer and fits the subject admirably:

The late J. H. Mills will grow bigger in history as the people wake up to a better support of the orphans. In dark days he began the great work in Oxford and may be truly called the father of the work in North Carolina. The building the Baptists will build at Thomasville will be the sort of monument he would want—one that would give shelter to helpless children.

Rev. John C. Troy's paper, which was announced some time ago, the name of which will be Trojan's Notion, will appear about the 15th of January. It will be semi-monthly, instead of semi-weekly, as erroneously stated. Already a large number of subscribers have voluntarily enrolled themselves and Trojan's Notion will start out under favorable auspices. The public already has knowledge of Mr. Troy's ability and Trojan's Notion will not circulate alone among the personal friends and acquaintances of the editor. It will possess merit that will win new friends and will be an instrument for good.

TRINITY COLLEGE NOTES.

The Science Club—Bishop Hendrix at the Park—Other items.

Correspondence Telegram

Trinity Park, Durham, N. C., Dec. 15.—The regular monthly meeting of the Science Club was held Saturday evening, Dec. 10. This meeting was largely given up to the presentation and announcement of recent acquisitions to the scientific museum. Prof. Edwards announced that the college has been fortunate enough to secure the collection of birds and mammals made by the late John C. Cairns, of Weaverville, N. C., who was accidentally killed in 1895, while exploring in the Black Mountains. This collection consists of over 600 specimens, and is regarded as a valuable acquisition. Mr. W. K. Boyd read an interesting paper on the pioneer ornithologist of western North Carolina, by whom this collection was made.

Dr. Hamaker presented a considerable number of aquatic specimens, collected at Beaufort, and exhibited a collection of skeletons representing all the zoological types, and a collection of insects illustrating the protective imitation of harmful by harmless insects, which have just been received from Kiny Scherer, of New York.

Mr. M. C. Guthrie, of the Junior Class, presented some marine specimens, and E. S. Yarbrough, of the Sophomore Class, some minerals and electrical apparatus. Other announcements were: A collection of specimens from the state experimental station, by Prof. Pegram; a collection of typical North Carolina rock specimens with sections for examination with polarizing microscope, prepared by Dr. Julien, of Columbia University; a collection of typical European and American rocks, prepared by Zirkel in Ger-

many; a collection of anallines; a collection of alkaloids, by Mr. B. N. Duke; a very fine pair of Brazilian oxhorns, by Miss Annie Penny; a collection of insulators, wires and battery plates from electrical companies; stuffed birds, by Miss Jones, of Beaufort; a collection of precious stones, by Mrs. T. D. Jones, of Durham.

Quite a number of other valuable gifts were announced, but those mentioned here will indicate in general the character of the recent acquisitions to the scientific museum. Bishop E. P. Hendrix, of Kansas City, spent some time at the Park, the guest of President Kilgo. He delivered an address in the chapel before the faculty, students and visitors from the city. He spoke on the "Companionship of a Purpose." The address was a remarkably fine one, and produced a lasting impression on the college community. The presence of such a man is always an inspiration to any institution.

It is reported in the newspapers that Prof. E. C. Branson, a student of Trinity from 1880 to 1882, a professor in the State Normal School of Georgia, has recently been appointed to the chair of Psychology in the University of Georgia.

Dr. J. I. Hamaker will deliver the next lecture in the faculty series next Saturday evening. His subject will be "The Correlation of Mind and Body." Mr. S. A. Stewart, of the Senior Class, president of the Y. M. C. A., spoke at Whitsett Institute Saturday evening and at Elon on Sunday, in the interest of the association work. Mr. Stewart was appointed at the summer conference at Asheville last summer to assist the state secretary in visiting the educational institutions of the state.

CHICAGO GETS THERE.

First Space in the Paris Exposition Allotted to a Local Manufacturer.

A Chicago manufacturer has the honor of receiving the first allotment of space in the American section of the Paris exposition. A. R. Bremer Co., manufacturer and sole proprietors of the Dandruff Cure, has just been notified by Commissioner Fred W. Peck that their application for space has been passed on favorably, and Mr. Bremer has also been advised that they are the first American manufacturers to receive favorable consideration. The allotment of space has just been started, and they are the first to be officially announced.

In addition to being the first American to receive an allotment of space, The Bremer Co. has also the honor of being the only American manufacturer of a hair preparation who will receive space at the Paris exposition. Applications have been made by others, but the Dandruff Cure is the only one in that line that has been passed on favorably by the American commissioner. The list is now closed, and no others can receive space.

In consideration of the honors thus bestowed upon them and their production, the Bremer Co. are already arranging for an exhibit that will do credit to themselves and to the country that they will represent in Paris. A magnificent white and gold cabinet, planned by one of the foremost designers in France (Allard & Sons), is now being made in one of the Paris studios, and it will undoubtedly excel anything of the kind seen at previous expositions.

The Bremer Co. has announced that they will make an outlay for their exhibit that will impress visitors to the exposition and that will fittingly demonstrate the merits of their preparation, as well as show to the world the enterprise of American manufacturers. They will also endeavor to show visitors to the exposition the world-wide reputation of the Dandruff Cure. For several years the sales of this product have been increasing with great rapidity in all of the leading cities in America, and gradually these sales have extended into every state in the Union, and at present it is known in practically every community in the country. Of late the firm has been making tremendous strides in foreign business, until now the export trade of the firm is wonderful. It is largely because of this international reputation of "Coke Dandruff Cure" that they have been so highly honored by the American representatives at the Paris exposition.

August Flower.

"It is a surprising fact," says Prof. Houton, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions, who have headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion. Sample bottles free at Grissom & Fordham. Sold by dealers in all civilized countries."

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all throat and lung trouble. "One Minute Cough Cure is the best remedy I ever used for coughs and colds. It is unequalled for whooping cough. Children all like it," writes H. N. Williams, Gentryville, Ind. Never fails. It is the only harmless remedy that gives immediate results. Curescoughs, colds, hoarseness, croup, pneumonia, bronchitis and all throat and lung troubles. Its early use prevents consumption. Howard Gardner.

The man who is clothed in his own righteousness is apt to be cold-blooded.

The Poet Burns,

Not the least of the advantages attending life assurance is the serenity of mind which attends the provident man lying on a bed of sickness, or when he is in prospect of death—so unlike that painful anxiety for the future welfare of the family not provided for. The poet Burns, in writing to a friend a few days before his death, said that he was "still the victim of affliction. Alas! Clark, I begin to fear the worst. Burns' poor widow and a half a dozen of his dear little ones, helpless orphans; there, I am weak as a woman's tear. Enough of this, 'tis half of my disease!"

"If you would escape the rock upon which the lamented Burns split," take shelter from the storm that is bound to spend its fury upon you when the fatal summons comes, by at once securing the magnetic contract offered by the Provident Savings.

A SURE CURE FOR CROUP.

Twenty-five Years' Constant Use Without a Failure.

The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar rough temper which always has Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears. It will prevent the attack. It is used in many thousands of homes in this broad land and never disappoints the anxious mothers. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record—twenty-five years' constant use without a failure. For sale by C. E. Holton, druggist.

No Right to Ugliness.

The woman who is lovely in face, form and mind will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at C. E. Holton's drug store.

Since our December announcement we have had hundreds of pleased customers—pleased with the goods and the price. Still there are a few upon whom the truth is slow to dawn, that think we are only advertising. We wonder if they think we are such fools as to advertise to do what we are not willing to stand up to.

"This is the truth the poet sings
That a sorrow's crown of sorrow
Is remembering happier things."

Isn't that what a woman thinks who
finds herself practically laid aside in the
heyday of life? A few years of marriage,
a couple of children, and she is worn out,
And as she lies
weak and suffering,
she remembers the days
when she was young,
only a child,
while behind
along the top
rail of the story
fence, as active
and blithe as a
squirrel.

But there's
something wrong
about this condition.
One word
expresses it—
"unnatural."
It's against
nature to be in
such a condition.
The ulcerations, the irritations,
the inflammations, the
which sap woman's strength. Cure these
and health comes back with all its joys.
Diseases of the delicate womanly or-
gans are positively and permanently
cured by the use of Dr. Pierce's Favorite
Prescription. Thousands of women are
on record as living witnesses to the truth
of this statement.

Sick women are invited to consult Dr.
Pierce by letter without charge. Every
letter is held as private and its story
guarded as a sacred confidence. All an-
swers are mailed in private envelopes
bearing no printing upon them. Address

Mrs. H. A. Albrook of Austin, London, Co.

suffering I write this for the benefit of other
sufferers from the same affliction. I doctored with
our family physician without any good result,
so my husband urged me to try Dr. Pierce's
medicine—which I did with wonderful results.
I am completely cured. I took four bottles of
Dr. Pierce's Favorite Prescription, four of his

Doctors Can't Cure It!

Contagious blood poison is absolutely
beyond the skill of the doctors. They
may do a patient for years on their
mercurial and potash remedies, but he
will never be rid of the disease; on the
other hand, his condition will grow
steadily worse. S. S. S. is the only cure
for this terrible affliction, because it is
the only remedy which goes direct to
the cause of the disease and forces it
out of the system.

I was afflicted with Blood Poison, and the
best doctors did me no good, though I took
their treatment faithfully. I took I seemed
to get worse all the time. I took every
so-called blood
medicine which I did with wonderful results.
I am completely cured. I took four bottles of
Dr. Pierce's Favorite Prescription, four of his
'Golden Medical Discovery' and two vials of
his 'Pleasant Pellets'."

It is like self-destruction to continue to
take potash and mercury; besides
totally destroying the digestion, they
dry up the marrow in the bones, pro-
ducing a stiffness and swelling of the
joints, causing the hair to fall out, and
completely wrecking the system.

on Account of Demand for
High Grade Pianos.**

OUR FACTORIES NEVER HAVE TROU-

MONEY THAN OUR ADVERTISED
PRICES, ELSEWHERE, AND WILL
SHIP THOSE YET UNSOLD WHICH
WERE SENT HERE FOR THE SPECIAL
SALE.

WEDNESDAY YOUR LAST CHANCE

It is a well-known fact in 'piano
circles' that many factories have
"shut down" on account of labor
troubles, and there is not a dealer in
town but will tell you pianos cost him
more money today than 30 days ago.

If you are buying a piano of him
and he tells you this you can rest as-
sured it is true. Our factories have
asked me to advance prices on my
"special sale." I cannot do so, as
each and every piano is moved (and
advertised) in plain figures, and
at such low prices.

Our time was up here Saturday even-
ing, but we will stay until Wednesday,
the 20th, and until then we will carry
out our advertised prices and terms,
but after this store is closed at 9 p. m.
Wednesday no pianos will be offered
or sold at advertised prices—but will
be promptly shipped from here—be-
cause they will bring more money else-
where. If you care to save at least
\$200 call and see me.

You simply step in on the ground
floor and buy pianos Monday morn-
ing at New York wholesale prices as
we deduct cost of shipping them back
from factory prices and give you the
benefit. Pianos that retail for \$500,
\$400 and \$300 will be sold at about
half price. Come prepared to buy if
you care for one. They will not last
long, as only a few are left.

that it shall be unlawful for any per-

Ground, or Guilford College, in Guil-
ford county, to come within the cor-
porate limits of the city of Winston with-

ordinance, without having a physi-
cian's certificate of recent vaccination,

shall be fined \$20.

ADDRESS OF WARNING

In Regard to the Outbreak of Small-
pox at Terra Cotta.

North Carolina, Guilford county.
Whereas, it has come to the knowl-
edge of the authorities of Guilford
county that there is an epidemic of
smallpox at Terra Cotta. Works in
said county, and whereas, it is made
the duty of said authorities to warn
all citizens of the county and persons
generally of the said epidemic and to
urge upon all persons the importance
of immediate vaccination in order that
a scourge of this disease may be
averted.

Now therefore, we the board of
county commissioners and county au-
thorities of health of said county
most earnestly urge upon all persons
the wisdom and the duty of being vac-
cinated at once. Should the disease
spread and the people neglect this
warning and request, it may become
necessary for us in compliance with
law, and in order to prevent a de-
vastating epidemic of this terrible disease,
to order compulsory vaccination.

All persons who are unable to pay
the expenses of vaccination, will be
vaccinated free by the county.

Public Health.

WINE OF CARDUI

THE LINK THAT BINDS.

JACKSON, TENN., Nov. 18.

I was subject to miscarriages for three years,
and suffered constantly with backache. I wrote
to you for advice, and after using three bottles
of Wine of Cardui, according to your directions,
I am strong and well, and the mother of a fine
girl baby.

Mrs. E. N. JOWERS.

There is no use talking—a baby in the house is the link that binds
husband and wife together. Nothing is sadder than fruitless wedlock.
The prattling and cooing of the little ones offset a thousand times the
occasional worries and trials of life. When a wife is barren, there is a
derangement somewhere in the genital organs, caused by one or more of
those common disorders known as "female troubles." Wine of Cardui
is the remedy. It puts the organs of generation in a strong and healthy
condition, fitting the wife for the sacred duty of reproducing her kind.
During the period of gestation the entire system of the expectant mother
is built up to withstand the ordeal of labor, and when the little one
makes its advent it is lusty and
strong, well-fitted to grow to ma-
turity in perfect health. The
mother, too, passes through the
trial with little pain and no dread.
Wine of Cardui is truly a wonder-
ful medicine for women.
